SERVICE LEADERSHIP FOR
MIDDLE SCHOOL STUDENTS

GIBC-913-1 94013

Why it works

There are more than 1,500 Builders Clubs in middle schools around the world. No two are alike. Each club is an independent entity—designed for its members, by its members. They work together to improve their schools and their communities. Their service also increases the visibility—and enhances the reputation—of both the club and the school or organization they represent. The program is designed to fit member and volunteer interests.

- **It's student-led.**

Builders Club is uniquely built on an important principle: Amazing things happen when the students take the lead.

- **It's age-appropriate.**

The program and its resources are designed specifically to help middle school students get the most out of the club experience.

- **Your needs matter.**

Each club determines its own meeting schedule, service projects and other activities in order to fit the needs of advisors, members and sponsors.

- **You're not alone.**

Adult volunteers and staff at the regional and international levels are there to support your club's success.

Who joins Builders Club?

Builders Club members are the leaders of tomorrow. And they're the energetic, dedicated kids of today. They're middle school students, and something more—they're passionate about making a difference in the world.

With Builders Club, they're discovering their heart to serve, answering their call to lead and igniting the courage it takes to build real relationships. Caring is their way of life. They step forward when others stand still. And because of that, their schools and communities grow stronger.

Thanks to Builders Club. And thanks to people like you.
